*[1] This number first includes fees waived at application. As a project progresses, additional fees may be added at permit issuance or for the next steps in the process.*

*[2] Sales taxes generated are subject to Department of Revenue guidelines.*

*[3] This is a SUMMARY list of fee holiday projects. Each project can include one or more cases. The previous list included each case within a project.*

*[4] The possible TIF to be waived is deleted or modified to reflect when the TIF is collected for one or more buildings in a project.*

*[5] The possible TIF to be waived includes impact fees projected to be waived based on data from the preliminary review of a project, which can change prior to final review.*

*[6] Projects with a zero construction value are either move-in only tenant improvements with no construction proposed or are in a stage of the development process where no construction is proposed at this time.*

*[7] Projects may have negative fee amounts listed due to refunds for fees originally tracked in a previous month.*

*[8] Value of construction only includes building valuation. Other site improvements are not included.*

*[9] Property tax assessment increases only assumed for additions, new developments and tenant improvements over 10,000 SF in shell buildings originally built before the year 2000. Non-profit organizations also excluded.*

*[10] This project does not include building improvements or the applicant does not have a proposed building size for the development, so projected tax increases cannot be determined at this time.*

** These projects have waived fees under more than one program, including the current Resolution 2013-06-06. All charges were previously tracked on the "Prior Resolution Projects" tab. Fees waived after 6-11-13 are now shown on this tab.*

**Notes:**

[1] *This number first includes fees waived at application. As a project progresses, additional fees may be added at permit issuance or for the next steps in the process.*

[2] *Due to the large number of projects under the original waiver program (grandfathered cases), only a portion of the total list and total amount waived is shown here.*

[3] *Applicants with projects qualifying under the original ordinance have re-applied under the new ordinance, so new cases will be added to the list under Resolution 2013-06-06.*

[4] *This is a SUMMARY list of fee holiday projects. Each project can include one or more cases. The previous list included each case within a project.*

[5] *The possible TIF to be waived is deleted or modified to reflect when the TIF is collected for one or more buildings in a project.*

[6] *The possible TIF to be waived includes impact fees projected to be waived based on data from the preliminary review of a project, which can change prior to final review.*

**Notes:**

** The fees listed in December 2013 for Environmental Services are negative because fees were attributed to the fee holiday in November for a case that did not qualify for the program. This was reversed in December.*

*** The fees listed in January 2016 for Land Use Review are negative due to the withdrawl of a case.*
