

Clark County Public Works

Bid Inquiry Log

Last Update: May 13, 2024

Responses will be posted on the project's "Bid Inquiry Log", which will be updated twice daily, at noon and 6:00 PM. The Bid Inquiry log will display all questions and answers to the questions that have accumulated by the posting time. Questions too late to be answered as of that posting will remain unanswered. The questions and answers posted on the Bid Inquiry Log at that time will be considered part of the contract and ranked as an Addendum with respect to order of precedence under Section 1-04.2 of the Standard Specification.

Project CRP #:	320712 (PRJ0001803)
Title:	NE Sunset Falls Road - Chip Seal
Engineer In Charge:	Muhammad Rafique

Date: May 10, 2024

Question #1: Bid item number 14 crushed screening no. 4-0 is an extremely difficult rock to acquire that nobody uses for chip seal other than WSDOT highway projects. Your county maintenance crew uses a CRS-3P oil and no crushed screening. no 4-0 and we are currently under contract with Clackamas County to chip seal 47.5 miles using PMCRS-2H which we would strongly recommend at least using the same CRS-3P oil as your county maintenance crew to alleviate the need for choke rock.

Reference: Bid Item no 12 and 14

Answer: "Bid the project as specified".
