Hazel Dell “20th Annual Youth Holiday Giving” event at Sarah J Anderson Elementary

In partnership NE Hazell Dell Neighborhood Association and the Three Creeks Community Partners hosted another successful holiday event at Sarah J Anderson Elementary School. In attendance were over 400 kids with their families and 70 volunteers that planned and staffed the event. Many thanks to all those who helped and especially the sponsors, volunteers and the Vancouver School District and staff at Sarah J Anderson Elementary school!

The children were each given a wrapped gift, and they got to select an item of their choice from the table full of stuffed animals and sports balls. Goodwill Job Connections gave out hundreds of free books including Spanish language books. Burgerville

served hot chocolate while McDonalds offered cookies and orange drink. Santa was available for photos beside the Christmas tree.

The highlight of the night was the bike raffle with 75 bikes given out and the lucky winners were provided with a helmet. Waste Connections has been very generous with the bike donations over the years. All kids were given fresh fruit to take home and 10 food baskets provided by Martha’s Pantry, with a turkey, pie and all the trimmings for a nice holiday meal were provided to families in need.

Cheerful holiday songs were performed by the Sarah J Anderson Pioneer Choir, directed by music teacher Linda Wear. It was a fun, festive event and we received many thanks from parents and children.

We hope to continue this Christmas tradition. It is made possible by the support of the community and numerous volunteers.

Special thanks to the following individuals and organizations: Gene Schwindeman of Blind Onion Pizza, Hazel Dell-Salmon Creek Business Association, Heather Harmon, Vicki Fitzsimmons of Edward Jones, Vicki Smith of Martha’s Food Pantry, Stacey Torres, Jocelyn Pierce, Mike Radmacher, George Andrade and Michelle Horne, Principal Katie Arkoosh and staff at Sarah J Anderson Elementary school.

Comic Corner – Where I have and have not been

I have been in many places, but I've never been in Cahoots. Apparently, you can't go alone. You have to be in Cahoots with someone.

3 NE Hazel Dell Neighborhood Association

I've also never been in Cognito. I hear no one recognizes you there.

I have, however, been in Sane. They don't have an airport; you have to be driven there. I have made several trips there, thanks to my friends, family and work.

I would like to go to Conclusions, but you have to jump, and I'm not too much on physical activity anymore.

I have never been in Doubt. That is a sad place to go, and I try not to visit there.

I've been in Flexible, but only when it was very important to stand firm.

Sometimes I'm in Capable, and I go there more often as I'm getting older.

One of my favorite places to be is in Suspense! It really gets the Adrenalin flowing and pumps up the old heart! At my age I need all the stimuli I can get!

And more and more I think of the Here After... Several times a day, in fact, I enter a room and think "What am I here after?"

FREE Spay/Neuter for stray and feral cats

The Feral Cat Coalition of Oregon (FCCO) is offering FREE spay/neuter services in February for feral and stray cats. Clark Neighbors Food Project

The Clark Neighbors Food Project (CNFP) is a revolutionary way to collect food: It's a donor drive, not a food drive.

www.clarkfoodproject.org

Instead of asking for one-time contributions of food, volunteers (Neighborhood Coordinators) enlist neighbors to become long-term Food Donors.

If you would like to become a long-term Food Donor or a Neighborhood Coordinator, contact clarkfoodproject@gmail.com

Don't Drip and Drive Campaign

This campaign was started last summer to combat vehicle fluid leaks and water pollution. The lead for this campaign is Storm water Partners Southwest Washington a coalition of jurisdictions, agencies and non-profits who have initiated a plan to improve water quality by performing vehicle leak checks.

According to Storm water Partners, an estimated 600,000 quarts of oil leak from vehicles in Clark County each year. When it rains, runoff picks up leaked fluids and carries it to storm drains and into streams, rivers and lakes, which can harm fish, wildlife and habitat. Motor oil is one of the most toxic components of storm water runoff; even brief exposure can cause heart problems in developing fish.

Preventing vehicle leaks is just one way we can be good environmental stewards in our community. There is lot you can do, too! For more information on fixing leaks, maintaining storm water facilities and other activities to help protect our watersheds, visit www.stormwaterpartners.com

Glass Only Recycling

Is exactly what it means. Waste Connection will only accept glass bottles and jars for recycling in a small separate curbside bin. Glass items should never be placed in the larger recycle cart. Broken glass is a hazard for workers as well as for paper recycling itself. Broken glass shards

interfere with paper production. Other NO-NO items that should not be placed in the glass only bin are: no light bulbs of any kind; no mirrored glass; no glass dishes or mugs; no decorative glass of any kind; no glass ceramics; no glass cookware; no glass dishware; no plate glass; remove all metal lids or caps. Glass items are made at different fired temperatures. Presently there is only a recycle market for glass bottles and glass jars.

Corrections

In the Oct/Nov 2018 issue under Flashing Red Lights Traffic Rules - the fine for not stopping at intersection and crosswalks should have read \$136.

In the Dec 2018 issue under Red and Yellow Light and Stop Sign Runners - the fine should have read \$136.

Revision of "Thieves are Getting Smarter"

Regarding the December article under "thieves are getting smarter" where it was suggested to remove registration and insurance papers from your car to avoid car thieves from getting into your home:

Insurance registration papers clearly state that you must keep the registration and insurance information in your car at all times.

If you get into an accident and you cannot provide the other party with this information then that's a big problem. Not everybody has a smartphone where they could perhaps take a picture of these documents.

Please contact your car insurance company and ask them the best way to avoid this happening to you.

Pen Pals Needed

Volunteer Connections is coordinating the Pen Pal program linking caring adults with 5th grade students for a year-long monthly letter exchange. Pen Pals are asked to commit to writing one letter per month in response to the letter you receive from your 5th grade student. This is not an activity to teach the fine points of penmanship, spelling, or grammar. It is merely a friendly exchange between a caring adult and a kid. At the end of the school year, Pen

Pal Adults are required to attend the end of the year party where you will meet your student for the one and only time. You also bring a snack to share with your student at the party. The website: <https://hsc-wa.org/pen-pals>

has a nice video about the joys of the program. If you would like to become a Pen Pal please contact Kitty Hibbs at Volunteer Connections, kittyh@hsc-wa.org or call her at 360-735-3690. All adult volunteers agree to a Washington State Patrol and National Sex Offender Public Website background check and fill out our registration form.

Block Foam Recycling

Block foam is now being accepted at Central Transfer and Recycling Center (CTR) for recycling. We recommend visiting the facility during weekdays to recycle block foam to avoid site traffic. CTR's hours of operation are: Monday - Friday 6:00 a.m. to 6:00 p.m.; Saturday - Sunday 8:00 a.m. to 4:00 p.m.

- Only rigid, white, clean block foam will be accepted -- "It breaks with a snap, does not bend!"

- Foam food trays, such as take-out cups and egg cartons are accepted if clean; no food residue can be present

- No peanuts or popcorn (these can be taken to some shipping stores).

- Stickers, tape, plastic coating or wrap, cardboard, or any other material must be removed from the foam or it will be refused.

The block foam collected at the transfer station will go to FarWest Recycling where it is then shredding, condensed, and bulked for sale to recyclers.

Winter Safety Tip

Home fire Prevention tips

- Never leave a cooking pot unattended on the stove
- Cover stovetop fires with a lid, don't pour water on it
- Unplug small appliances when not in use
- Do not store items in an oven or on the stovetop
- Do not put out your cigarettes in a potted plant – use a metal container filled with water or sand
- Clean clothes dryer lint traps often
- Don't run the clothes dryer while you're not at home
- Keep oily rags in a closed metal container
- Store gasoline/diesel fuel in liquid tight containers designed specifically for that purpose
- Empty fireplace ashes into a metal container and store outside, away from the house
- Don't leave a fireplace or stove fire burning while you are not at home
- Do not put blankets, furniture or other items within three feet of a heater
- Keep matches and lighters in a locked cabinet, away from children

Thoughts to combat stress

- 1- Accept the fact that some days you're the pigeon, and some days you're the statue!
- 2- Always keep your words soft and sweet, just in case you have to eat them.
- 3- Always read stuff that will make you look good if you die in the middle of it.
- 4- Drive carefully... It's not only cars that can be recalled by their Maker.
- 5- If you can't be kind, at least have the decency to be vague.
- 6- If you lend someone \$20 and never see that person again, it was probably worth it.
- 7- It may be that your sole purpose in life is simply to serve as a warning to others.
- 8- Never buy a car you can't push.
- 9- Never put both feet in your mouth at the same time, because then you won't have a leg to stand on.
- 10- Nobody cares if you can't dance well. Just get up and dance.
- 11- Since it's the early worm that gets eaten by the bird, sleep late.
- 12- The second mouse gets the cheese.
- 13- When everything's coming your way, you're in the wrong lane.
- 14- Birthdays are good for you. The more you have, the longer you live.
- 15- Some mistakes are too much fun to make only once.
- 16- We could learn a lot from crayons. Some are sharp, some are pretty and some are dull. Some have weird names and all are different colors, but they all have to live in the same box.
- 17- A truly happy person is one who can enjoy the scenery on a detour.

Mission:**

The residents of the Hazel Dell area established the NE Hazel Dell Neighborhood Association (NEHDNA) in order to unite the common interests and promote the welfare of the area. The association is involved with a variety of matters, which affect the livability of the neighborhood and community in general.

All residents within the neighborhood association boundaries or neighboring areas not within an existing neighborhood association are welcome to attend and participate in the association.

If you have any questions or would like more information, please contact one of the officers or board members listed on this page. The NEHDNA does not subscribe to any religious affiliation or political party. Our desire is to work together for the common good of the neighborhood in which we all live. You don't have to live in the area to be a member or to come to the meetings! All are welcome.

Neighborhood Association newsletters are copies free of charge by the Clark County Neighborhood Outreach Office. The information and views expressed are solely those of the NE Hazel Dell Neighborhood Association and not Clark County Government or their employees.
