Plastic Bag Ban

The delayed Washington State Plastic Bag Ban will go into effect on October 1st, 2021. Legislation prohibits all

retail and grocery stores, restaurants, take out establishments, festival and markets from providing single use plastic carryout bags and requires retailers to charge for other bags. For an 8-cent fee per bag, customers can purchase paper bags or thick reusable plastic bags. Stores will have the option to charge a fee for compostable bags. All fees collected are kept by the retailer to cover the cost of the bags. The bag fee will increase to 12-cents per bag in

2026. Best to adopt a habit of bringing your own when on your outings. This policy will mitigate harmful impacts of disposable plastic on wildlife and the environment while also relieving pressure on Waste Management. For more info visit www.ecology.wa.gov/bag-ban

Home Fire Safety

Home fires can happen anywhere, anytime --- and to anyone. Every day home fires claim seven lives in the United States alone. Cooking and heating are the leading causes of home fires and injuries. This year Fire Prevention Week is to be observed Sunday Oct. 3rd thru Saturday Oct. 9th. In the U.S. the first presidential proclamation of Fire Prevention Week was made in 1925 by President Calvin Coolidge. Home fire safety should be a top priority and a little preparedness

Origin: Even though the origin of this phrase is unknown, it seems that this phrase has been used since the 1800s where the crossing of bridges was quite a literal thing. **Neighborhood Association
Mission:**

The residents of the Hazel Dell area established the NE Hazel Dell Neighborhood Association (NEHDNA) in order to unite the common interests and promote the welfare of the area. The association is involved with a variety of matters, which affect the livability of the neighborhood and community in general.

All residents within the neighborhood association boundaries or neighboring areas not within an existing neighborhood association are welcome to attend and participate in the association.

If you have any questions or would like more information, please contact one of the officers or board members listed on this page. The NEHDNA does not subscribe to any religious affiliation or political party. Our desire is to work together for the common good of the neighborhood in which we all live. You don't have to live in the area to be a member or to come to the meetings! All are welcome.

Neighborhood Association newsletters are copied free of charge by the Clark County Neighborhood Outreach Office. The information and views expressed are solely those of the NE Hazel Dell Neighborhood Association and not Clark County Government or their employees.
