ANNUAL REVIEW Pre-Application Conference

Handout # 21-A Revised 09/18/09

What is the purpose of the Pre-Application Conference?

The pre-application conference is an opportunity for the applicant to present their proposal and ask questions of staff. During this 1-hour session, the applicant will be informed about the applicable review standards and possible public policy issues. **THE CONFERENCE WILL BE RECORDED ON AUDIO TAPE.**

Applicants are encouraged to provide complete and accurate information with their submittal package in order for staff to provide a thorough review.

When is a Pre-Application Conference required?

A pre-application conference is always required before any applicant submits an Annual Review application. **APPLICATIONS ARE ONLY ACCEPTED** from OCTOBER 1st through NOVEMBER 30th.

What is the application procedure?

The first step in applying for a pre-application conference is to order a "Developer's GIS Packet"(Geographic Information System). This packet is available from the Department of Assessment & GIS, Public Service Center, 1300 Franklin Street, 2nd Floor, Vancouver, Washington, or by calling the Developer's GIS Packet Hotline at (360) 397-2375, Ext. 4082. The packet cost is **\$40.00**, and must be ordered at least 24 hours prior to pickup. The packet is designed specifically for your property and includes the Comprehensive Plan and zoning designations, an aerial photograph, maps on transportation, soil types, steep slopes, critical environmental areas (such as wetlands and hazardous slide areas), and more.

The second step is to submit a completed Pre-Application Conference Request Form, together with **8** copies of the requested submittal items, and the **\$1,288** Pre-application fee to the Permit Services Center. Prior to accepting your application, the Permit Services staff will conduct a "**Counter Complete**" review of your submittal package. This initial review ensures that all items listed in the submittal requirements have been submitted before accepting your application. These include:

1. Application Form
2. Application Fee
3. Developer's GIS Packet Information
4. Narrative (see below)
5. Submittal Copies

Once your application is accepted, the submittal packages are routed to the various review staff.

How is the Pre-Application Conference scheduled?

Upon submittal of a Counter Complete application, counter staff will provide a receipt that includes a contact phone number to schedule the date, time and location of your conference. CONFERENCES WILL BE CONDUCTED BETWEEN OCTOBER 15th AND December 15th. These conferences are held at the Clark County Public Service Center, Community Planning Department, 1300 Franklin Street, 3rd Floor, Vancouver, Washington.

What response does an applicant get from the County?

After the conference, the County will mail the applicant and other interested parties a Pre-Application Conference Report. This report will identify the relevant Code standards and approval criteria, list of possible public policy issues, and identify additional information required to prepare a Fully Complete Annual Review application. The report will also respond to the applicant's written questions, if any, and inform the applicant of the application fees for an Annual Review application.

How long is the Pre-Application Conference valid?

This Pre-application for an Annual Review is only valid for this year's round of Annual Reviews. NOTE: THE PRE-APPLICATION CONFERENCE APPLICATION MUST BE SUBMITTED NO LATER THEN CLOSE OF BUSINESS ON THE LAST BUSINESS DAY OF NOVEMBER 30th.

What are the approval criteria for a Comprehensive Map change?

Plan and concurrent zone map changes may only be approved if all of the following are met:

1. The proponent shall demonstrate that the proposed amendment is consistent with the Growth Management Act and requirements, the countywide planning policies, the Community Framework Plan, the *Comprehensive Plan*, applicable city comprehensive plans, applicable capital facilities plans and official population growth forecasts; and
2. The proponent shall demonstrate that the designation is in conformance with the appropriate locational criteria identified in the plan; and
3. The map amendment or site is suitable for the proposed designation and there is a lack of appropriately designated alternative sites within the vicinity; and
4. The plan map amendment either: (a) responds to a substantial change in conditions applicable to the area within which the subject property lies; (b) better implements applicable comprehensive plan policies than the current map designation; or (c) corrects an obvious mapping error; and
5. Where applicable, the proponent shall demonstrate that the full range of urban public facilities and services can be adequately provided in an efficient and

timely manner to serve the proposed designation. Such services may include water, sewage, storm drainage, transportation, fire protection and schools. Adequacy of services applies only to the specific change site.

Additional Criteria for only rural Map changes

Amendments to the plan map from a natural resource land designation to a smaller lot size natural resource designation or to a rural designation shall demonstrate that the following criteria have been met:

1. The requested change shall not impact the character of the area to the extent that further plan map amendments will be warranted in future annual reviews;
2. The site does not meet the criteria for the existing resource plan designation;
3. The amendment shall meet the locational criteria for the requested designation.

What are the approval criteria for a Zoning Map change?

Zone changes may be approved only when all of the following are met:

1. Requested zone change is consistent with the comprehensive plan map designation;
2. The requested zone change is consistent with plan policies, locational criteria, and the purpose statement of the zoning district.
3. The zone change either:
 - Responds to a substantial change in conditions applicable to the area within which the subject property lies;
 - Better implements applicable comprehensive plan policies than the current map designation; or
4. There are adequate public facilities and services to serve the requested zone change.

 - Elevation Contours Map
 - Aerial Photography Map (due to poor reproduction quality, 8 copies are already included)
 - Aerial Photography Map with Contours (due to poor reproduction quality, 8 copies are already included)
 - Zoning Map
 - Comprehensive Plan Map
 - Water, Sewer and Storm Systems Map
 - Soil Type Map
 - Environmental Constraints Map
 - Quarter Section Map
4. ___ **NARRATIVE**
 - Description of the request
 - Area of the site (acres or square feet)
 - Related or previous permit activity
 - Applicant’s interest in the property (whether owner, buyer, lessee, contractor, engineer, consultant, or legal representative)

Statement on how the plan/zone change request is consistent with all of the applicable policies and criteria in the comprehensive plan (see below) and Clark County UDC 40.560.010 & 40.560.020.

5. SUBMITTAL COPIES

Eight (8) individually bound copies of the application package shall be provided including 8 copies of the Developer’s GIS Packet.

Failure to provide all of the required information may prevent county staff from identifying certain issues or providing an effective pre-application review, and will disqualify the application.
