## Final recommendations developed

March 31, 2011

The Blue Ribbon Commission met for the last time in February to finalize its recommendations to local elected officials regarding the future of parks and recreation funding and operations.

These recommendations, plus the notes, presentation materials and CVTV video from the February meeting, are all now available on the Blue Ribbon Commission's Web page ([www.cityofvancouver.us/blueribbon](http://www.cityofvancouver.us/blueribbon)).

On April 11, the Board of Clark County Commissioners and the Vancouver City Council will hear a presentation about the Blue Ribbon Commission process and its recommendations at a special, joint work session. This work session is open to the public.

Monday, April 11, 2011  
4-5 p.m.  
Vancouver City Hall  
City Council chambers  
210 E. 13th St.  
Vancouver, WA

The Blue Ribbon Commission would like to thank all the stakeholders and citizens who participated in this important process. A final report summarizing this work will be published in April.

For more information, please visit us online: [www.cityofvancouver.us/blueribbon](http://www.cityofvancouver.us/blueribbon).

Thank you!
