Name: Kaitlyn Fielding

Open house location: January 28, CASEE Center, 11104 NE 149th St., Brush Prairie – Room 202

Comment:

While the regulations do not call for a zero net loss of Ag designated land, is it possible to re-designate other land as part of the development plan? While development is crucial to the success of the community, integrity is also important. As a life long Clark county resident it is important to me that my community acknowledges the fact that Ag land is important to wildlife as well as community health so I would like to see some land redesignated to offset the dedesignation.

Comment:

Please consider open space adjacent to Parks/Wildlife area and across from the DNR land (CASEE).

Also please consider mass transit for the Railroad uses. A ^{transit} line from Vancouver to Battle Ground would make good use of the line.

Comment:

As Clark County develops Ag Land is there any plan to put / keep Ag land in perpetuity? Maybe a Learning/Demonstration Center or Farm to showcase sustainable agriculture or keep land in a Land bank to be used by farmers needing land. All the housing developments have names of farms that used to exist on that land but we still need Ag. land to feed Clark County / WA State.

Comment:
Clark County has run themselves out of jobs... we need good jobs in the rural areas. A RILB should have been developed years ago. The rural lands ~~are~~ economy shouldn't be dependent on strictly resource-related jobs.
