CLARK COUNTY, WASHINGTON

RESOLUTION NO. 16-06

A RESOLUTION of the Board of Directors of Camas School District No. 117, Clark County, Washington, providing for the submission to the electors of the District at a special election to be held therein on February 14, 2017, of a proposition authorizing a tax levy to be made annually for four years commencing in 2017 for collection in 2018 on all of the taxable property within the District of \$1,700,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value (such assessed value representing 100% of true and fair value unless specifically provided otherwise by law), in 2018 for collection in 2019 of \$1,750,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value, in 2019 for collection in 2020 of \$1,800,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value, and in 2020 for collection in 2021 of \$1,850,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value, all in excess of the maximum tax levy specified by law for school districts without voter approval, for the District's Capital Projects Fund, the proceeds of such levies to be used to support the modernization of school facilities, all as more particularly set forth herein; designating the District's Director of Business Services and special counsel to receive notice of the ballot title from the Auditor of Clark County, Washington; and providing for other matters properly related thereto, all as more particularly set forth herein.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CAMAS SCHOOL DISTRICT NO. 117, CLARK COUNTY, WASHINGTON, as follows:

Section 1. Findings and Determinations. The Board of Directors (the "Board") of Camas School District No. 117, Clark County, Washington (the "District"), takes note of the following facts and hereby makes the following findings and determinations:

(a) Calendar year 2017 is the last year of collection of the District's current four-year Capital Projects Fund tax levy, which was authorized pursuant to Resolution No. 12-03, adopted by the Board on November 13, 2012, and a special election held and conducted within the District on February 12, 2013.

(b) The existing condition of the District's instructional technology equipment, infrastructure and systems require the District to support the modernization of school facilities by acquiring, installing, implementing and modernizing educational technology equipment, infrastructure, systems and facilities to improve student learning, all as more particularly defined and described in Section 2 herein (collectively, the "Projects").

(c) With the expiration of the District's current four-year Capital Projects Fund tax levy, it appears certain that the money in the District's Capital Projects Fund for the school years 2017-2018, 2018-2019, 2019-2020, 2020-2021 and 2021-2022, will be insufficient to permit the District to pay costs of the Projects thereof during such school years, and that it is necessary that a replacement excess tax levy of \$1,700,000 be made in 2017 for collection in 2018, \$1,750,000 be made in 2018 for collection in 2019, \$1,800,000 be made in 2019 for collection in 2020, and \$1,850,000 be made in 2020 for collection in 2021, for the District's Capital Projects Fund to provide the money required to meet those costs.

(d) The District's proposed four-year Capital Projects Fund tax levy authorized in this resolution provides for approximately the same purpose as the District's expiring four-year Capital Projects Fund tax levy.

(e) The District is authorized pursuant to Article VII, Section 2(a) of the Washington Constitution and Revised Code of Washington ("RCW") 84.52.053 to submit to the District's voters at a special election, for their approval or rejection, the proposition of whether the District shall levy annual excess property taxes to pay costs of the Projects.

(f) The best interests of the District's students and other inhabitants require the District to carry out and accomplish the Projects as hereinafter provided.

**Section 2. Description of the Projects.** The Board hereby finds and declares that the Projects to be paid for with proceeds from the excess property tax levies authorized herein are more particularly defined and described as follows:

(a) Acquire, install, implement and modernize educational technology equipment, infrastructure, systems and facilities, and make other improvements and upgrades to the District's educational technology systems and facilities, all to improve student learning, and all as deemed necessary and advisable by the Board. The foregoing educational technology equipment, infrastructure, systems, facilities, improvements and upgrades shall be part of the District's integrated technology systems and facilities for instruction and research.

(b) Pay costs associated with implementing the Projects, including, but not limited to, acquiring, constructing and installing hardware and licensing software, online applications and training related to the installation of the foregoing, furniture, equipment, fixtures, accessories and appurtenances, all as deemed necessary and advisable by the Board. Such costs shall be deemed part of the Projects and shall also include, but are not limited to, the ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products and services, all as deemed necessary and advisable by the Board. The hardware, software or applications shall be an integral part of the District's technology systems and facilities for instruction and research.

(c) Pay incidental costs incurred in connection with carrying out and accomplishing the foregoing. Such costs shall be deemed part of the Projects and shall include, but are not limited to: (1) payments for fiscal and legal costs; (2) costs of establishing and funding accounts; (3) necessary and related engineering, architectural, planning, consulting, permitting, inspection and testing costs; (4) administrative and relocation costs; (5) site improvement costs; (6) demolition costs; (7) costs related to demolition and/or deconstruction of existing school facilities to recycle, reclaim and repurpose all or a portion of such facilities and/or building materials; (8) costs of on and off-site utilities and road improvements; and (9) costs of other similar activities or purposes, all as deemed necessary and advisable by the Board. The Projects, or any portion or portions thereof, shall be acquired or made insofar as is practicable with available money and in such order of time as shall be deemed necessary and advisable by the Board. The Board shall determine the application of available money between the various parts of the Projects so as to accomplish, as near as may be, all of the Projects. The Board shall determine the exact order, extent and specifications for the Projects. The Projects are to be more fully described in the plans and specifications to be filed with the District.

Section 3. Calling of Election. The Auditor of Clark County, Washington, as *ex officio* Supervisor of Elections (the "Auditor"), is requested to call and conduct a special election in the District in the manner provided by law to be held therein on February 14, 2017, for the purpose of submitting to the District's voters, for their approval or rejection, the proposition of whether a replacement excess property tax levy for the Capital Projects Fund shall be made annually for four years commencing in 2017 for collection in 2018 on all of the taxable property within the District of \$1,700,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value (such assessed value representing 100% of true and fair value unless specifically provided otherwise by law), in 2018 for collection in 2019 of \$1,750,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value, in 2019 for collection in 2020 of \$1,800,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value, and in 2020 for collection in 2021 of \$1,850,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.32 per \$1,000 of assessed value, all in excess of the maximum tax levy specified by law for school districts without voter approval. The exact tax levy rate may be adjusted based upon the actual assessed value of the taxable property within the District at the time of the levy.

Section 4. Use of Levy Proceeds. If the proposition authorized by this resolution is approved by the requisite number of voters, the District will be authorized to levy excess property taxes and use the proceeds of such levies to pay costs of the Projects thereof, during the school years 2017-2018, 2018-2019, 2019-2020, 2020-2021 and 2021-2022, all as may be authorized by law and deemed necessary and advisable by the Board. Pending the receipt of those taxes, the District may issue short-term obligations pursuant to chapter 39.50 RCW or contract indebtedness pursuant to RCW 28A.530.080. Upon receipt, the District may use those taxes to repay such short-term obligations or indebtedness, all as may be authorized by law and deemed necessary and advisable by the Board.

Section 5. Sufficiency of Levy Proceeds. If available proceeds from the excess property tax levies authorized herein are more than sufficient to carry out the Projects, or should state or local circumstances require any alteration in the Projects, the District may apply such proceeds to other capital purposes, or reduce or eliminate the excess property tax levies authorized herein, all as the Board may determine by resolution and as permitted by law.

If the Board shall determine that it has become impractical to accomplish the Projects or any portion thereof by reason of state or local circumstances, including changed conditions or needs, regulatory considerations, incompatible development or costs substantially in excess of those estimated, the District shall not be required to accomplish such Projects and may apply the proceeds from the excess property tax levies or any portion thereof to other capital purposes of the District, or reduce or eliminate the excess property tax levies authorized herein, all as the Board may determine by resolution and as permitted by law. In the event that the proceeds from the excess property tax levies authorized herein, plus any other money of the District legally available therefor, are insufficient to accomplish all of the Projects, the District shall use the available money for paying the cost of that portion of the Projects that is deemed by the Board most necessary and in the best interest of the Board.

Notwithstanding anything in this resolution to the contrary, the proceeds from the excess property tax levies authorized herein may be used only to support the construction, modernization or remodeling of school facilities.
