SUBJECT: Additional Information/Clarifications to Specifications

#	Vendor	Question	Answer
1	Gleaves Consulting	I would love to put in a proposal for the work, but I will be out of the country from Sept 5th –Sept 29th. I can put together a proposal before I leave, but would be unavailable until after the 29th for interviews or other meetings. Assuming my proposal made the short-list, would it be problematic that I would be unavailable during those dates?	<i>There is no problem being out of town until the 29th. The applications received are reviewed and selected on the 26th, and work is scheduled to begin on November 1st. If you are selected as the apparent awardee, we can wait to notify you when you return on the September 29th.</i>
2	FRM Ilc	<ol style="list-style-type: none"> 1. On page 3 of RFQ 4670 your state that R-4 has workshopped the MCI in 2009. Have any other workshops or exercises, of any scope, been used to test the MCI? 2. Re: page 4 / scope / “The vendor will provide for one-8 hour regional, multi-discipline MCI TTX for up to 75...”. Are you looking for a full eight hour long TTX? 3. Do you have a preference for the type of “infectious disease scenario” to be applied during the TTX? A known or unknown biological, a facility initiated disease, a terrorist event, water or airborne? 4. Re: page 4 / scope / item # 10 Is this an HSEEP compliant TTX or does the vendor ONLY need to make the AAR-IP HSEEP compliant? 	<ol style="list-style-type: none"> 1. No 2. <i>The 8 hour tabletop agenda should include the time for registration, hot wash and evaluations.</i> 3. <i>After the vendor is selected, the specific scenario will be agreed upon at the meeting with the PHEPR Program Manager and/or designee.</i> 4. 4. Both
