### **Subjects**

### **Fire Authority Vote**

I received an email from Tim Dawdy, of the Clark County Fire and Rescue, about the vote that will be taken on April 28<sup>th</sup> on whether to authorize the formation of a Regional Fire Authority (RFA) and an associated *RFA Plan* in the areas currently served by Clark County Fire & Rescue.

This is a fairly complicated issue and worth much more explanation before the vote. Tim will be there to explain the issues and answer questions from the neighborhood members.

### **La Center Expansion**

If you've been keeping up with the local news you will undoubtedly have read that there are many changes in store for our local zoning. We all will be affected in some way, either through a change in taxes, ground water issues, roads, schools, etc. The time to learn about these issues and be part of the discussion is now.

Eric Eisemann who is a land use planning consultant for La Center and other areas, will explain the situation for us.

I urge you all to take the time to attend this meeting and learn about the decisions we will be facing in the very near future.
