

Tell us what you think about your future neighborhood park!

January 2011

Clark County is designing a new park in your neighborhood. We would like your help!

East Minnehaha Neighborhood Park is located at the end of NE 69th Street, west of Par Lane on the south side of Club Green Meadows (see map on reverse). Pedestrian and bicycle access to the park will be from NE 69th Street and NE 63rd Street.

This undeveloped 7.5-acre neighborhood park features open meadow, trees and wetlands. The Bonneville Power Administration's power lines run across the middle of the park. "East Minnehaha" is a placeholder name for the park. Neighbors are being asked to help rename it.

Project schedule

Preliminary planning and design began in October 2010 and should be complete by early 2012. Construction is scheduled to begin in spring 2012.

Who pays for the park?

Design and construction of East Minnehaha Neighborhood Park may be funded by a combination of:

- park impact fees, which are collected whenever a new residential property is developed,
- the real estate excise tax, which is collected whenever homes are sold in Clark County and
- Greater Clark Parks District property taxes.

After construction, maintenance of the park will also be funded by the Greater Clark Parks District, which is a special district approved and funded by voters in the unincorporated urban area of Clark County in 2005 (www.clarkparks.org).

Help us plan and design the park

Major decisions about what the park will look like and what features it will include will be made during planning and design. Project staff relies on public input to help guide this process.

Your input will help us:

- Understand the needs or concerns of your neighborhood.
- Understand which park features are most important to you and your neighbors.
- Learn about the potential for community fundraising and volunteer projects to enhance the park.

Please fill out our comment form

Please take a few minutes to fill out the enclosed comment form about this park development project. Your answers are important, and will be used to help prepare one or more draft conceptual development plans showing what this park might look like. These plans will be presented to neighbors at an upcoming public meeting for more input.

Our parks are designed for all ages and abilities, so please invite everyone in your household to help you fill out the comment form. We have included a postage-paid envelope to make it easier to respond. If you prefer, you may fill out the comment form online at this Web page:

www.clarkparks.org/projects/eastminnehaha.htm.

All comments must be received by February 1, 2011.
