

proud past, promising future

CLARK COUNTY
WASHINGTON

TO: County Manager

FROM: Michael Westerman, Purchasing Manager 

DATE: June 13, 2016

SUBJECT: Award of Bid #2639 – Annual Asphaltic Concrete

This is an annual requirements contract for the purchase of asphaltic concrete to be used by the Road Operations crews for road repairs and small paving projects.

Purchasing received three responses to Bid #2639. The bids were checked for accuracy, content, and compliance to specifications.

Section 7, Part IV of the bid, reserves the right to award the bid in the best interest of the County. Clark County is often in need of multiple sources for asphaltic concrete. The transportation costs and availability of these materials determine what source is actually most economical.

RCW 36.32.256 states, "A county, when calling for competitive bids for the procurement of road maintenance material, may award to multiple bidders for the same commodity when the bid specifications provide for the factors of haul distance to be included in the determination of which vendor was truly the lowest price to the county"

Pursuant to RCW 36.32.256, Purchasing and Public Works recommend that Annual Asphaltic Concrete be awarded to Granite Construction Company of Vancouver, CA, Lakeside Industries, Inc. of Vancouver, WA and Porter W. Yett Company of Portland, OR in the unit amounts shown on the attached tabulation sheet with a total estimated annual value of \$350,000.00, including WA State Sales Tax and grant authority to the County Manager to sign all bid related contracts.

Mark McCauley, County Manager
