### BACKGROUND

RCW 29A.16.050 requires that every voting precinct must be wholly within a single congressional district, a single legislative district, a single district of a county legislative authority, and, if applicable a city. Altering 18 existing precinct boundaries will bring precincts into compliance with law.

RCW 29A.16.040 requires limiting election precinct sizes to 1,500 active registered voters or less. In Clark County, there are six precincts that are over, or very close to, the 1,500 limit. Six new precincts will be created by splitting the oversize precincts in half.

We ask that the Clark County Board of County Councilors amend Clark County Code 2.12 to add Section 2.12.020 to authorize the County Auditor to implement precinct boundary changes as required to bring the precincts into compliance with RCW 29A.

Attached is "Exhibit A" as the new legal description for Clark County election precinct boundary lines; "Exhibit B", a list of precincts by County Councilor District; "Exhibit C", a list of all precinct changes to be made; and "Exhibit D", a map drawn and showing all 2016 proposed precinct boundary changes.

### COMMUNITY OUTREACH

Notice of Public Hearing was published in newspaper of record not less than 10 days before hearing.

Once the precinct boundary changes are approved and completed by the Auditor's Office, notification of the changes will be sent to the affected voters of Clark County. These changes will affect 3641 voters.

### BUDGET AND POLICY IMPLICATIONS

The expense of making these changes will be covered by the existing Elections Department 2016 budget. No additional funding will be required in order to administer these changes and to notify the voters of the changes.
