

Internal Service Funds

Internal Service Funds are established to account for the financing of goods and services provided by one department, agency, or government unit to other departments or agencies of Clark County, or to other governments, on a cost reimbursement basis.

Equipment Rental and Revolving - A fund to finance the maintenance and operations of equipment used by other County funds and departments, and to finance and control material inventory used in the construction and maintenance of county roads.

Clark County Elections - A fund established to account for costs incurred in the County elections process.

Central Support Services - A fund to finance the operation of a central store facility which provides office supplies to all County departments, and provide centralized facility and utility maintenance on all County buildings.

General Liability Insurance - A self insurance fund established to finance uninsured liability claims and the deductible portions of insured liability claims against the County.

Unemployment Insurance - A self insurance fund used to finance unemployment claim settlements and decisions against Clark County by former employees.

Worker's Compensation Insurance - A self insurance fund used to finance uninsured worker's compensation claims and the deductible portion of worker's compensation claims against the County.

Data Processing Revolving - A fund to collect the costs for the maintenance and replacement of data processing equipment.

Retirement Benefit Reserve - A fund to account for the costs of administering the medical reimbursement program under the LEOFF I retirement system.

Radio ER&R – A fund to collect and track revenues and expenses for equipment repair and replacement for mobile data communication computers and radios used in public safety vehicles.

Major Maintenance - A fund to account for the major repair and maintenance costs on various County buildings.

Server Equipment Repair & Replacement - A fund to account for the major repair and replacement costs of data servers.
