Animal Control

Department Summary

Animal Protection & Control acts as a coordinating and facilitating agency for the resolution of animal related problems and community issues. The division is responsible for the enforcement of ordinances and state laws pertaining to animals, primarily domestic. These include licensing and vaccination requirements as well as stray animal, vicious, cruelty, livestock and nuisance provisions. The services of the Enforcement Program are provided seven days per week. Animal shelter services are provided through a contract with the SW Washington Humane Society. Animal Control provides administrative oversight of this agreement for the cities it provides animal control services. The City of Vancouver and Town of Yacolt have interlocal agreements with the County for animal control services. The City of Vancouver inter-local agreement consolidates all animal control programs within the agreement. An Animal Protection & Control Advisory Board provides for communication, coordination and public input into policy development. Through the advisory board process community projects have developed in cooperation with private organizations to address continuing community concerns. Some of these projects promote animal placement, responsible pet ownership, humane care of pets and livestock, dealing with aggressive animals. Special community event projects have developed to ensure the public awareness, and to provide incentives, to spay and neuter pets.
