

## Pet license – low income assistance

**Clark County Animal Protection & Control has a program to assist low income households with the annual cost of pet licensing.**

### Program Criteria

Pets identified on the low income assistance application must be spayed or neutered. Only one dog and one cat per household may participate in the program.

Low-income households are defined as those where the family's adjusted household income is at or below 50 percent of median, adjusted for household size, as found in the current HUD Income Limits for Clark County.

Proof of income may include copies of the following items from each wage earner in the household:

- Pay check/stub
- Unemployment check
- Social Security check
- Pension check
- Notice of action (DSHS)
- 1040 IRS form
- Other

An application may be denied if the applicant or their animals have been the subject of Notices of Violation, Notice of Abatement, criminal citations, impoundments, or multiple warning notices.

### Application instructions

1. Fill in the pet and pet owner information.
2. Attach proof of current rabies vaccination if available.
3. Attach proof of spaying or neutering, if available. If proof is not available you must request a spay/neuter affidavit.
4. Attach proof of household income.
5. Your application will be reviewed according to program criteria. You may be contacted for clarification of information.
6. You will receive a response to your application.
