Comp Plan Map? Zoning Map?
What’s the difference?

**Comprehensive Plan Map:**
Establishes land use designations for all land in Clark County. It shows the long-term vision of how and where the county will change over the next 20 years.

**Zoning Map:**
Specifies the types of land uses, setbacks, lot size, and size restrictions for buildings within each zone.
Alternative 1 – No action

No Action Alternative would be the current Comprehensive Growth Management Plan, including current urban growth boundaries, planning assumptions, policies and implementation ordinances.
The new planning assumptions, policy direction, changes in land use/zoning, and principles and values defined by the commissioners are reflected in this alternative.

Alternative 2
