

Clark County Rural Industrial Land Bank

Open House #5 February 17, 2016

Agenda

- 1. Rural Industrial Land Bank (RILB) requirements
- 2. Application site
- 3. Alternative Sites
- 4. Master Plan Concept
- 5. Draft Development Regulations
- 6. De-designation Analysis
- 7. What's being adopted
- 8. Next Steps

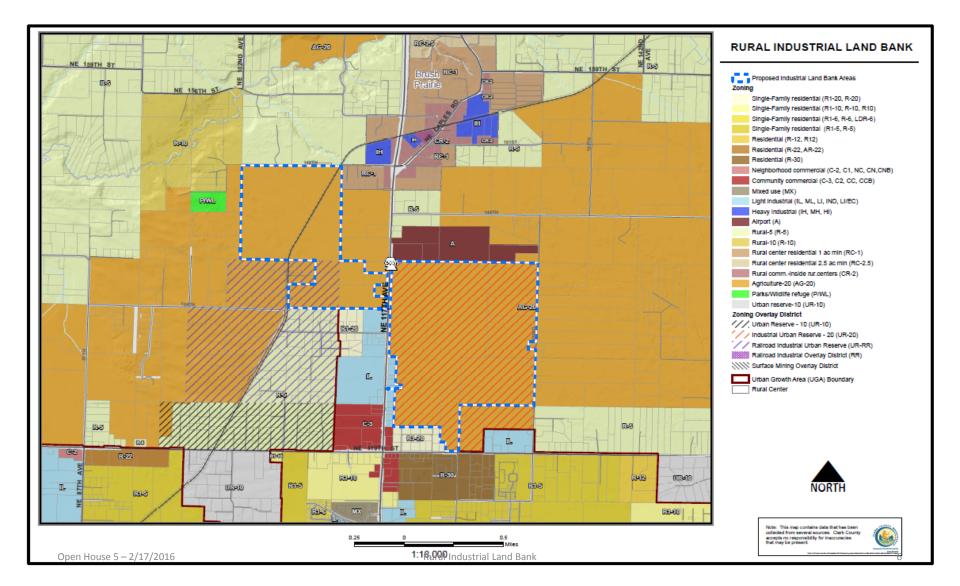

RILB Requirements

- Rural Industrial Land Bank (RILB)
 - Provisions in the Growth Management Act, RCW 36.70A.367
- Rural ILB Requirements
 - Inventory of sites (Addendum, Part I)
 - Consultation with cities
 - Master planning process (Addendum, Appendix A)
 - Development regulations (http://www.clark.wa.gov/planning/landbank/documents/RILBDraftDe velopmentRegulations.pdf)
 - Programmatic level of environmental review (Addendum, Part II)
 - Local adoption process
- De-designation analysis (Addendum, Appendix B)

Application Site

- Rural ILB application received February 2014
 - ➤Two areas:
 - ✓ Lagler property: 378.71 acres (east of SR-503)
 - ✓ Ackerland property: 223.72 acres (west of SR-503)
 - ≻All zoned AG-20

Application Site

Rural ILB Application

What has been completed

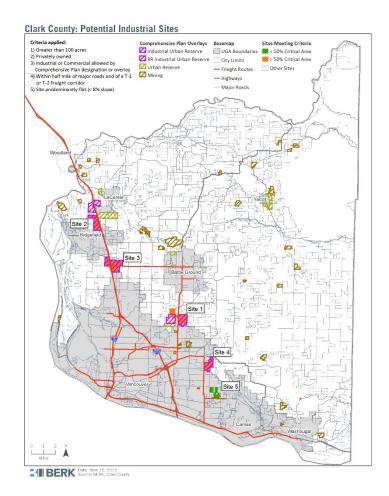

- CREDC study, Land for Jobs (lands inventory)
- February 2014
 - \checkmark RILB application taken in by the county
- August 2014
 - ✓ BERK (Seattle) brought on as a consultant
 - ✓ Mackay Sposito assisting locally
 - ✓ Kittleson & Associates will lead transportation planning efforts
- November/December 2014
 - ✓ Work sessions with the Board and Planning Commission
 - ✓ NACCC presentation
 - ✓ Updates to county's master planning code requirements
- January 28, 2015: Open House #1
- > April 15, 2015: Open House #2
- May 7, 2015: Planning Commission work session

Rural ILB Application

What has been completed

- May 14, 2015: EDAT presentation
- ➢ June 3, 2015: BOCC work session
- > June 8, 2015: Railroad Advisory Board presentation
- July 29, 2015: Open House #3
- > Oct. 7, 2015
 - ✓ Notice of Intent to Designate published
 - ✓ Notice of DS with Addendum published
- Oct. 21, 2015: Comments on Addendum due
- Oct. 29, 2015: Open House #4
- Nov. 5, 2015: PC Work Session
- Dec. 17, 2015: PC Hearing
- Jan. 27, 2016: BOCC Work Session
- ▶ Feb. 17, 2016: Open House #5

- Prepared based on GMA:
 - An analysis of the availability of alternative sites within UGAs and the long-term annexation feasibility of sites outside of UGAs (RCW 37.70A.367(2)(b))
- Builds on March 2015 Inventory
- Four rural sites and one UGA site
- Will be folded into the SEPA review process

Site 2: North of Ridgefield

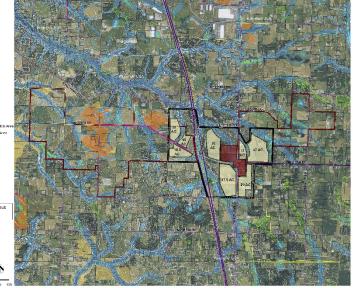

Site 3: Between Ridgefield and Vancouver

SIBNER CONCER

- Evaluation completed in Addendum: Inventory and Alternatives Analysis
- Site 1 (Docket) most consistent criteria of what makes a good industrial site, followed by Site 5.

Feature	Site 1	Site 2	Site 3	Site 4	Site 5
Gross Parcel Acres	602	412	764	366	325
Net Buildable Area, estimated	378	179	219	23.5	213
Percent Developable, estimated	63%	43%	29%	6%	66% +
UGA Adjacency	Vancouver	Ridgefield	Vancouver, Ridgefield	Vancouver	Vancouver
Site Topography Suitability	٠	0	0		0
Site Geometry: Parcel size, depth	•	0	0	Not further evaluated due to significant constraints and low developability	0
Common Ownership	٠	0	0		0
Free of Critical Area Constraints (see percent developable)	0	0	0		•
Water Adjacency	•	0	•		٠
Sewer Adjacency	0	0	0		0
Freight Route Access	•	0	•		•
Roads: Access to major roads, multiple access points, ability to improve connectivity	0	0	0		0
Rail Access	٠	0	0		0
Land Use & Visual Quality: Adjacent Industrial and Commercial Zones and ability to Buffer Residential Uses	0 •	0	0 •		0
Proximity to Workforce and Housing					٠
Legend: Strong Feature	•	Moderate Feature	0	Low Feature	0

Master Plan Land Use Concept

July 2015 Concept

- Legend Clarified
- Buffer Treatments Illustrated

LAND USE ANALYSIS

JULY 2015

MacKay 🔶 Sposito

Draft Development Regulations

Per GMA, adopt developments regulations for specific major industrial developments through a master plan process:

• Uses

- Primary uses are industrial and manufacturing
- Commercial and services should not exceed 10% of total gross floor area

• Buffers / Protection of Agricultural Areas

- Buffers are provided between the development and adjacent rural areas
- Address mitigation of impacts on resource lands

• Environment

- Follow critical areas regulations; protect air and water quality
- Infrastructure
 - New infrastructure is provided or impact fees are paid
 - Interlocal agreements between County and providers are in place

• Transit-Oriented Site Planning / Transportation Demand Management

- Ensure programs are addressed as part of master plan approval
- Future Development Review
 - Provide for a public hearing for applications with 30 days notice

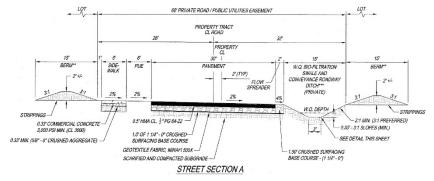

Draft Development Regulations

Clark County Code addresses RILB designation and allows proposal of new development standards or current code provisions, as appropriate

Торіс	Draft Regulations
Land Uses / Review Process	 Light Industrial – Rural Industrial Land Bank (IL-RILB) Overlay Focus on industrial & manufacturing uses, limit incompatible uses Retain limit on commercial and service uses to 10% of gross floor area Hearing required for new RILB developments
Buffers, Protect Rural & Ag	 100 foot perimeter buffer with dense landscaping / opaque screen Demonstrate consistency with the coordinated open space, wetlands, stormwater and landscaping elements of the RILB Master Concept Plan Agriculture allowed onsite Other site specific measures may be determined through SEPA project review

Draft Development Regulations

Торіс	Draft Regulations
Environment	 Low impact development and stormwater standards – see specific street sections for integration of biofiltration and filter strips Comply with Critical Area Regulations and Regional Air Quality Standards
Infrastructure	 Applicants responsible for costs of new infrastructure, applicable impact fees and system development charges Provide for interlocal agreements and demonstrate adequate water, sewer, power
Transit/TDM	 Apply commute trip reduction ordinance, and identify the location of on-site sheltered bus-stops within quarter mile of site

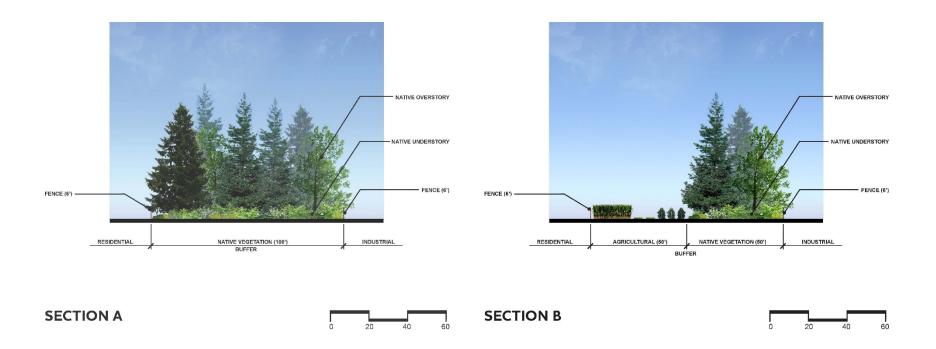

Water Quality Bio-Filtration Swale with Private Road Section

Perimeter Buffer Treatment Concepts

Full 100 foot dense screen

Outer buffer – 50 foot agriculture, Inner buffer 50 foot dense screen

Consider agricultural criteria

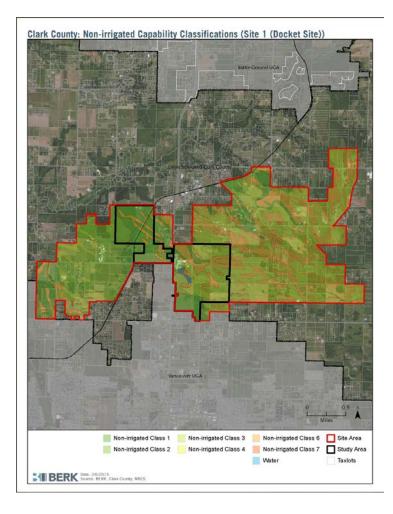

WAC 365-190-050 Criteria

- Areawide analysis
- Regulations conserving ag.
- Not characterized by urban growth
- Used or capable of use for ag.
- Land-capability classification
- Prime and unique farmland soils
- Availability of public facilities
- Tax status, including current use
- Availability of public services

- Relationship or proximity to UGAs
- Predominant parcel size
- Land use settlement patterns
- Intensity of nearby land uses
- History of development permits nearby
- Land values under alternative uses
- Proximity to markets
- Designating ag. lands sufficient to maintain & enhance economic viability of ag. industry long-term

Summary of De-designation Analysis

- Addendum includes the de-designation analysis presented in Spring 2014.
- *Sites 1, 2, 3 and 4* have agricultural zoned lands.
- The Agricultural zoned lands meet some State criteria and not others.
- Land would convert from agriculture to industrial uses.

Rural ILB Public Involvement

- Public Involvement
 - Webpage: www.clark.wa.gov/planning/landbank Contact with Neighborhood Associations ► NACCC presentation ► News Releases BOCC and PC Work Sessions \triangleright Open House #1, January 28, 2015 > Open House #2, April 15, 2015 > Open House #3, July 29, 2015 ➢Open House #4, October 29, 2015 ➢Open House #5, February 17, 2016

Rural ILB Package

- What has been adopted
 Master Plan CCC code section (December 2014)
- What is to be adopted
 - Comprehensive Plan policies
 - > Change from AG to IL, with an RILB-IL overlay
 - Development regulations for RILB overlay properties
 - > Arterial Atlas amendments
 - Master Plan concept
- Supporting documentation
 - Industrial lands inventory
 - De-designation analysis
 - > Alternative sites analysis
 - > Transportation and utilities analysis

Rural ILB – Next Steps

- Open House #5, February 17, 2016
- Local Adoption Process
 - Planning Commission work session: November 5, 2015
 - Planning Commission public hearing: December 17, 2015
 - ➢ Board work session: January 27, 2016
 - ➢ Board public hearing: March 1, 2016

Rural ILB – PC Recommendation

- Voted 4-2 for staff recommendation on:
 ➢ Zone change (AG-20 to IL-RILB)
 ➢ Comprehensive Plan policies
 ➢ Arterial Atlas amendments
- Voted 4-2 for staff recommendation on the draft development regulations, AND to add RRAB uses to Ackerland property

Rural ILB – PC Recommendation
