## ORDINANCE NO. 2018-16

### **An Ordinance Establishing The Ad Valorem Taxes Necessary To Finance the Anticipated Requirements of the City of La Center, Washington for the Fiscal Year Ending December 31, 2019 by Increasing Property Tax Revenue from the Previous Year By 1%**

The La Center City Council makes the following findings:

**WHEREAS**, a public hearing has been held by the La Center City Council to review and discuss the estimated revenue needed for the 2019 general expense budget as required by statute; and

**WHEREAS**, the Revised Code of Washington 84.55.120 as amended requires an Ordinance or Resolution to be approved by the City Council if the anticipated property tax levy will increase by any amount; and

**WHEREAS**, the actual amount levied in fiscal year 2018 was \$437,412.54; and

**WHEREAS**, the City Council of the City of La Center has considered all relevant evidence and testimony presented and has determined that the City of La Center requires an increase in property tax revenue in fiscal year 2019 from fiscal year 2018, in addition to the increase resulting from new construction, improvements to property, newly constructed wind turbines, solar, biomass, and geothermal facilities, and any increase in the value of state assessed property, from annexations that have occurred or from refunds made.

**NOW, THEREFORE**, the City Council of the City of La Center, Washington, does hereby ordain as follows:

**Section 1.** That an increase in the regular property tax levy is hereby authorized for the fiscal year 2018 levy in the amount of \$4,374.13 which is a percentage increase of 1% from the previous year. This increase is exclusive of additional revenue resulting from new construction, improvements to property, newly constructed wind turbines, solar, biomass, and geothermal facilities, any increase in the value of state assessed property, and any additional amounts resulting from annexations that have occurred and refunds made.

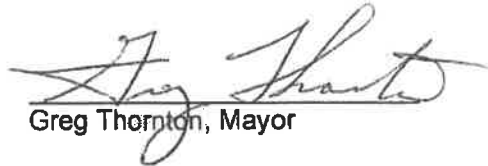

**Section 2.** Upon the adoption of this ordinance, the City Clerk shall file a Certified Budget request or estimate with the Clark County Assessor's Office, separate from this Ordinance, as required by RCW 84.52.020. Certification will be made in the manner prescribed by the County Assessor's Office.

**Section 3.** This ordinance shall be in full force and take effect five (5) days from and after its passage and approval and shall be published as provided by law.

**APPROVED** and **ADOPTED** this 14th day of November, 2018, by a majority of the La Center City Council.

## TO THE CITY OF LA CENTER CITY COUNCIL AND CITIZENS

I am pleased to present the City of La Center 2019 Preliminary Budget for your review and consideration. Thanks to extensive work by the City of La Center Budget Advisory Committee the 2019 Preliminary Budget continues existing City services and service levels and makes targeted investments in expanding the City's infrastructure. Since 2016 the City's General Fund tax revenue has declined by approximately \$1.6 million, or 41 percent. While the 2019 General Fund budget utilizes reserves, the projected 2019 deficit has been reduced from 2018 with reserve balances remaining strong and exceed our conservative reserve policy targets. The City marked several significant accomplishments in 2018 and the 2019 Preliminary Budget implements a number of additional positive changes.

In 2018 the City of La Center marked progress in a number of important areas including:

- **Junction Sewer Line.** The land inside the City limits at the La Center junction with I-5 now has full City services thanks to a major sewer line initially funded by the Cowlitz Indian Tribe.
- **New La Center Middle School.** The City is working in partnership with the school district on the land use and building permits for the new (voter approved) middle school which will be the largest development project in the City in recent history.
- **New Roundabout at 4<sup>th</sup> Street and La Center Road.** Construction of this multi-year project will be completed ahead of schedule and will smooth traffic flow through one of the City's main intersections and accommodate anticipated growth in the City and in north Clark County.
- **New Residential Development.** The City is on pace to issue over 50 building permits for new single-family homes in 2018 which is more than in 2016 and 2017 combined. Also, in 2018 additional lots are being made available and being reserved by quality local builders.
- **Revised Card Room Tax Structure.** In 2018 the City worked with the card room owners to implement a sliding scale tax structure that recognizes a changed economic environment for this industry that provides over 50 percent of the City's tax revenue.
- **Police Officer Awards.** Three of La Center's Police Officers received the American Police Hall of Fame "Life Saving Award" in 2018. The awards were given to the officers in recognition of their unselfish actions during an emergency situation which resulted in the saving of a human life.
- **Tentative Purchase of the TDS Office Building.** On November 14 the City Council ratified a purchase and sale agreement for the purchase of the approximate 10,000 square foot TDS office building located at 210 East 4<sup>th</sup> Street. If the sale is closed the building will become the new City Hall.

La Center enters 2019 poised to grow in a responsible and in a fiscally conservative manner that preserves the community's values and continues quality City services. The 2019 Preliminary Budget advances a number of initiatives including:

- **Streamlining City Staffing.** The City implemented several actions to streamline staffing in late 2018 that will be fully implemented in 2019. These actions include:
  - The position of Public Works Manager will oversee Public Works and the Wastewater Treatment Plant operation eliminating one full position without impacting services.
  - The City is working with organized labor to standardize administrative support job descriptions which will allow more flexibility for staff to back up each other and support multiple areas. The result will be more cost-effective support for Police, City Clerk functions, the Mayor, Public Works and Planning.
  - The wastewater treatment plant staffing will continue to have three staff with the required certifications to operate the plant independently allowing the plant, which never shuts down, all with the ability to work more independently with higher certifications.
- **No Increase in Monthly Sewer Rates.** The monthly rate for City sewer services will remain flat for the fifth year in a row. As a small sewer provider La Center does not enjoy the economies of scale enjoyed by larger agencies. Despite its small size the City's operations continue to become more efficient and increases in monthly user rates are not needed at this time.
- **Strengthening Community Development.** A recruitment is underway for an Economic/Community Development Manager. This position will take the lead on the City's efforts to partner with the private sector on development at the I-5 Junction and near Timmen Road and will support the increased workload in the City's Planning department.
- **Targeted Infrastructure Investment.** Funding for several critical infrastructure projects is identified in the 2019 Preliminary Budget. Several of these projects are dependent on the City receiving matching state grants but we are hopeful that some or possibly all will move forward in 2019. The proposed projects include:
  - Holley Park Community Center, playground and tennis court improvements (not grant dependent) and field drainage improvements (grant dependent).
  - Heritage Park/Trail and Breeze Creek Trail land acquisition and development.
  - Stonecreek Drive pavement reconstruction.
- **Community Marquee Signage.** The City will explore signage to replace the reader-board sign that had been at the north end of the La Center Road bridge and will also explore placing signage at the I-5 Junction.
- **Transitioning to a New City Hall.** If the City closes on its purchase of the TDS building in 2018 City staff that currently occupy three separate buildings will be consolidated into one building. Having all City services in one building will make our services more customer-friendly and efficient.
- **Enhancing Storm Water Facility Maintenance.** A study exploring the creation of a new City storm water utility began in 2018 and will be reviewed by the City Council in early 2019. The purpose of the study is to assess the workload, costs and funding associated with the growing

number of public and private storm water facilities in the City and how the City meets the requirements of clean water regulations.

- **Economic Development.** More detailed plans for commercial and mixed use development will be pursued at the I-5 Junction and at the Timmen Road/La Center Road intersection.

As Mayor of La Center I highly value the unique elements that make La Center a great community. We offer a safe, attractive and affordable place to live and to grow your business. I also value being fiscally conservative and a responsible manager of the public's resources. To that end I want to thank the City's Budget Advisory Committee for their counsel and work over this past year in helping to develop the 2019 budget proposal.

I look forward to getting your feedback on the 2019 Preliminary Budget. More information is available on the City's web site or by contacting me directly at [gthornton@ci.lacenter.wa.us](mailto:gthornton@ci.lacenter.wa.us).

Respectfully submitted,

*Greg Thornton*

# General & Reserve Fund Forecast

- Sales tax from middle school and increased sewer fund debt repayment supports smaller deficit in 2020 and 2021
- Reserve policy target of 125% met in 2021-2022
- Reserve as a percentage of General Fund expenses = 49% in 2025

## Budget Advisory Committee Message

---

- Reluctantly support use of reserves to cover the projected 2019 deficit – current reserve levels are adequate to cover the 2019 deficit
- The City needs to identify specific investments that will support the City’s growth and expansion of the tax base over the medium to long term and commit capital funding for those investments with the highest “return”
- The City needs to resolve its General Fund deficit within the next three years and should assess new revenue sources, economic development incentives and potential service level reductions

# Discussion and Next Steps

---

- Feedback on:
  - Overall proposed 2019 Preliminary Budget and use of reserves
  - Continuing card room tax structure into 2019
  - Proposed capital and planning projects
- Proposals for initiatives, one time expenses or investments?
- Next Steps
  - Budget Advisory Committee meeting October 25<sup>th</sup>
  - Minor updates to reflect confirmed assumptions
  - Public hearing on revenue and property tax November 14<sup>th</sup>
  - Budget ordinance and public hearing on November 28<sup>th</sup>

Public Hearing on Revenue Sources & 2019 Property Tax Levy

# General Fund Revenue

---

## Property Tax Levy

- State law limits the increase in the property tax levy to 1% (or the increase in the Implicit Price Deflator for jurisdictions over 10,000 population) **plus** the increase allowed due to new construction, annexation and utility property value
- Levy rate equals the calculated levy divided by the total assessed value – as determined by the County Assessor
- State law limits the City's levy rate to \$3.60/\$1,000 AV less:
  - Fire District regular levy rate (\$1.50 max.)
  - Library District regular levy rate (\$0.50 max)

# General Fund Revenue

## Property Tax Levy: 2018

- County includes General Fund, Conservation Futures and other county levies
- All local school levies are voter approved

2018 Levy Rate by Taxing District: Total = \$11.1317/\$1,000

# General Fund Revenue

## Other Revenue

- Licenses & Permits: Based on estimated 40 new single family residential building permits plus new middle school
- Intergovernmental: City again eligible for State assistance payment to low sales tax cities for \$29,400
- Utility Taxes, Charges for Goods & Services and Fines & Forfeits based on recent actual amounts
- Other/Transfers: Includes \$265,000 in debt repayment from the City's sewer utility

# Other Revenue

---

## Storm Water Utility

- The City will explore forming a storm water utility in 2019
  - Utility would address increasing infrastructure requiring maintenance and increasing maintenance costs to city
  - Study going on now; Council consideration in early 2019
- La Center is only city in Clark County that does not currently have a storm water utility
- Storm water utility rates for smaller cities are in the \$8-\$9 per month range for a single family home
- Businesses also pay the storm water utility fee – generally based on their impervious surface

# Proposed Budget: Council Actions

---

## Next Steps

- Hold Public Hearing on revenue sources (tonight)
- Consider ordinance increasing property tax by 1% for 2019 (tonight)
- Consider card room taxpayer agreement for 2019 (November 28)
- Proposed Budget available at City Clerk (November 14)
- Hold hearing on proposed budget (November 28)
- Consider ordinance adopting 2019 Budget (November 28)
