

1 **40.230.050 University District (U)**

2 A. Purpose.

3 The University (U) district is intended to provide long-term opportunities for educational and related uses within  
 4 the community. Such educational facilities enhance the identity and image of the community as a desirable place for  
 5 human growth and development and provide opportunities and facilities for various activities and needs of a diverse  
 6 and dynamic population. The purpose of this section is to allow such development to occur in a manner that does not  
 7 adversely impact the community and provides and protects the natural and physical assets of the community. In  
 8 addition, the purpose is to provide a timely but adequate review of such development and to create predictability for  
 9 institutions of higher education in the planning process.

10 B. Uses.

11 The uses set out in Table 40.230.050-1 are examples of uses allowable in this zone district. The appropriate  
 12 review authority is mandatory.

- 13 • “P” – Uses allowed subject to approval of applicable permits.
- 14 • “R/A” – Uses permitted upon review and approval as set forth in Section 40.520.020.
- 15 • “C” – Conditional uses which may be permitted subject to the approval of a conditional use permit as set forth  
 16 in Section 40.520.030.
- 17 • “X” – Uses specifically prohibited.

18 Where there are special use standards or restrictions for a listed use, the applicable code section(s) in Chapter  
 19 40.260, Special Uses and Standards, or other applicable chapter is noted in the “Special Standards” column.

7 C. Development Standards.

8 1. New lots and structures and additions to structures subject to this chapter shall comply with the applicable  
9 standards for lots, building height, setbacks and building separation in Tables 40.230.050-2 and 40.230.050-3,  
10 subject to the provisions of Chapter 40.200 and Section 40.550.020. Site plan review is required for all new  
11 development and modifications to existing permitted development unless expressly exempted by this title (see  
12 Section 40.520.040)

16  
17 <sup>1</sup> Setback shall be ten (10) feet unless the site adjoins a residential district in which case the minimum setback shall be  
18 twenty (20) feet.

19  
20 <sup>2</sup> No building or structure shall be hereafter erected, enlarged, or structurally altered to exceed seventy-two (72) feet  
21 in height unless a conditional use permit is granted. Uninhabitable portions of a building, such as a spire, dome, lantern, clock tower, shall be allowed to exceed the height limit as provided for in Section 40.200.060.

- 1 2. Signs. Signs shall be permitted according to the provisions of Chapter 40.310.
- 2 3. Off-Street Parking and Loading.
- 3 a. Off-street parking shall be provided as required in Chapter 40.340. No off-street parking or loading  
4 area shall be allowed within twenty-five (25) feet of a property line, unless the responsible official finds  
5 that a buffer will exist that effectively screens the parking from an adjoining residential zone, in which  
6 case no off-street parking or loading area shall be allowed within ten (10) feet of an adjoining residential  
7 zone or public right-of-way or access easement.
- 8 b. All motor vehicle parking, maneuvering, and loading areas shall be paved. Other surfaces may be  
9 used for fire lanes as approved by the fire marshal and responsible official; provided, the alternative  
10 surface will accommodate emergency vehicle loads.
- 11 c. Bicycle and pedestrian paths shall be provided in accordance with the approved master plan. Such  
12 paths are allowed within the required setback areas.
- 13 4. Site Plan Approval. New development shall be subject to Section 40.520.040, Site Plan Approval, prior to  
14 issuance of a building permit. In addition to the requirements of Section 40.520.040, the following  
15 requirements shall apply to properties located within the U district:
- 16 a. Buildings and structures shall be sited to minimize to the extent possible the interruption of views  
17 from adjacent residential areas to any identified significant geographic feature, such as the Cascade Range.
- 18 b. Landscaping shall be provided that, at maturity, will adequately screen parking lots and vehicle  
19 loading and maneuvering areas from surrounding residences while not significantly obscuring views of  
20 identified significant geographic features, such as the Cascade Range.
- 21 c. Landscaping shall be of a type that has growth characteristics given conditions on the site to be  
22 effective at screening from the intended view shed within two (2) years of planting, although complete  
23 effectiveness may not occur for additional years. Minimum size for shrubs shall be six (6) feet within two  
24 (2) years of installation; minimum size for trees shall be twelve (12) feet within two (2) years of  
25 installation.
- 26 d. All required landscaping shall be installed prior to issuance of a certificate of occupancy, unless  
27 otherwise approved by the responsible official pursuant to Section 40.320.010(G). Landscaping shall be  
28 designated in phases in a reasonable manner to coincide with the phasing of the overall construction which  
29 may occur.
- 30 e. Areas which are to be preserved and maintained in their natural setting shall be so designated on a  
31 landscape plan, and subject to the review and approval of the responsible official. Preserving native  
32 vegetation can be used to meet stormwater requirements as designated in Chapter 40.386.
- 33 f. Any mature trees which are lost as a result of new building construction shall be replaced with new  
34 plantings of equivalent long-term quality and value based on the International Society of Arboriculture  
35 guidelines.
- 36 g. All mechanical heating and ventilating equipment shall be visually screened as required in Section  
37 40.320.010(D)(2), as approved in the site plan review process.
- 38 h. Exterior lighting shall be installed to avoid disruption to abutting properties and to avoid traffic  
39 safety hazards as required in Section 40.570.080(C)(3)(i), as approved in the site plan review process.
- 40 5. Performance Standards. No land or structure shall be used or occupied within the U district unless there is  
41 compliance with the following minimum performance standards:
- 42 a. Noise. The maximum permissible noise levels shall be as determined by Chapter 173-60 WAC, as  
43 amended.

- 1           b.    Vibration. Vibration which is discernible without instruments at the property line of the use  
2           concerned is prohibited.
- 3           c.    Smoke and Particulate Matter. Air emissions must be approved by the Southwest Clean Air Agency.
- 4           d.    Odors. The emission of noxious gases or matter in such quantities as to be readily detectable at any  
5           point beyond the property line of the use creating such odors is prohibited.
- 6           e.    Lighting. Exterior lighting shall be directed so as to not shine onto or significantly interfere with  
7           uses of abutting properties and to avoid traffic safety hazards.
- 8           f.    Heat and Glare. Except for exterior lighting, operations producing heat and glare shall be conducted  
9           entirely within an enclosed building.
- 10          g.    Storage, Handling, and Use of Hazardous Materials. The storage, handling and use of hazardous  
11          materials shall be in compliance with all applicable local, state and federal regulations. Changes in the use  
12          of hazardous materials shall be reported to the county fire marshal for review and approval.
- 13          h.    Rooftop and Ground-Level Exterior Equipment. The provisions of Section 40.320.010 shall apply.  
14          The screening shall be incorporated into the design of the building.
- 15          i.    Solid Waste. All uses within the U district shall establish and implement a recycling program to  
16          reduce the amount of material disposed of at landfills.

17           (Amended: Ord. 2006-09-13; Ord. 2015-11-24)

18   D.    Special Requirements.

- 19          1.    Development on properties of five (5) acres or more within the U district shall not be undertaken without  
20          first obtaining approval of a Master Development Plan (MDP). The hearing examiner shall consider the MDP  
21          at a public hearing conducted pursuant to Section 40.510.030. The application will be reviewed as a Type III  
22          process.
- 23          2.    In the case of a property that is less than five (5) acres or in the case of a reuse of an existing building, no  
24          MDP shall be required.
- 25          3.    The MDP application shall include the following:
- 26               a.    Vicinity map;
- 27               b.    Site analysis including key natural features;
- 28               c.    Site plan showing the proposed locations of buildings and related facilities;
- 29               d.    General layout of streets, utilities, and drainage management measures;
- 30               e.    Maps and/or narrative showing off-site improvements, if any, necessary to serve the proposed  
31               development;
- 32               f.    Proposed phasing of development and the overall schedule of phasing;
- 33               g.    Other information as determined by the responsible official.
- 34          4.    The hearing examiner shall approve the proposed MDP or approve with conditions only if it is found that  
35          the plan and schedule satisfy the following:
- 36               a.    Provide an overall general plan which is properly related to and preserves the natural features and  
37               resources on the site and vicinity;

1           b. Provide for land uses and intensities that are consistent with the comprehensive plan, this chapter,  
2           and with the planned capacity of public facilities;

3           c. Assure that the proposed development is considered as a whole and will conform to the  
4           comprehensive plan, the zoning standards, and all applicable county plans;

5           d. Assure that phased development is properly coordinated;

6           e. Do not significantly adversely impact the surrounding properties and uses.

7           Projects for which an MDP or the equivalent have been reviewed as part of any other regulatory process for  
8           which a public hearing was required prior to January 1, 1995, shall be exempted from this requirement.

9           5. The responsible official shall have the authority to review and approve minor modifications to a  
10          previously reviewed MDP as a Type II process; provided, that the requirements of this section are satisfied. A  
11          minor change is one which does not change the overall land use concept and the project as a whole, does not  
12          substantially increase intensity of development, or does not materially affect the relationship of the  
13          development to adjacent land uses. Any other changes must be processed as a new application.
