**Appendix G**

**Milestones for Clark County Solid Waste Management**

- **1967**: State of Washington passes first Solid Waste Management Act
- **1973**: SWAC formed by Ordinance 1973-4
- **1969**: County contract fees moved from per ton tip fee surcharge to monthly administrative fee
- **1977-10-2**: County contract fees moved from per ton tip fee surcharge to monthly administrative fee
- **1981**: SWAC adopted the County's English Pit Transfer Station closed.
- **1985, 1986 & 1988**: Updates - SWAC formed by Ordinance 1981-4
- **1989**: Final closure of Leichner Landfill completed.
- **1990**: Solid Waste Management Plan Update
- **1991**: Moderate Risk Waste Management Plan Amended
- **1992**: Urban single family curbside recycling collection programs implemented
- **1993**: Leichner Landfill ceased operation under an order from Dept. of Ecology Services at Central Transfer & Recycling and West Van Recovery Center transfer stations & shipping to Finley Buttes Landfill
- **1994**: Solid Waste Management Plan Update
- **1995**: Moderate Risk Waste Management Plan Amended
- **1996**: Final closure of Leichner Landfill
- **1997**: Residential yard debris collection program expanded
- **1998**: Browning Ferris Industries of Washington, Inc. (BFI) purchased Clark County Disposal Group
- **1999**: Sanitary landfill collection waste implemented
- **2000**: First program Facebook site for Recycling Program
- **2001**: First program recycled computers and electronics
- **2002**: Recycling collection contract executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2003**: Solid Waste Management Plan Update
- **2004**: Expanded SWAC's recylcing rate goal to all urban households
- **2005**: recycle bottles, cans & mixed recyclables
- **2006**: Expanded SWAC's recycling rate goal to all urban households
- **2007**: Computer Recycling & Marketing (CREAM) program for unwanted computers and electronics
- **2008**:� Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2009**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2010**: National solid waste collection available to all urban households
- **2011**: Expanded SWAC's recycling rate goal to all urban households
- **2012**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2013**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2014**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin

**Key Highlights**

- **1988**: State of Washington passed Waste Reduction, Reuse and Recycling Act (WARRA)
- **1989**: County contract fees moved from per ton tip fee surcharge to monthly administrative fee
- **1992**: Urban single family curbside recycling collection programs implemented
- **1994**: Leichner Landfill ceased operation under an order from Dept. of Ecology Services at Central Transfer & Recycling and West Van Recovery Center transfer stations & shipping to Finley Buttes Landfill
- **1998**: Solid Waste Management Plan Update
- **1999**: Expanded SWAC's recycling rate goal to all urban households
- **2000**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2001**: Expanded SWAC's recycling rate goal to all urban households
- **2002**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2003**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2004**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2005**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2006**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2007**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2008**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2009**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2010**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2011**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2012**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2013**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin
- **2014**: Recycling collection contracts executed with Waste Connections, Inc. - residential curbside recycling program is converted to corrugated cans with plastic in separate bin

**Waste Stream Program**

- **2001**: Participated in the CRC executed with Waste Connections, Inc.
- **2002**: CRC executed with Waste Connections, Inc.
- **2003**: CRC executed with Waste Connections, Inc.
- **2004**: CRC executed with Waste Connections, Inc.
- **2005**: CRC executed with Waste Connections, Inc.
- **2006**: CRC executed with Waste Connections, Inc.
- **2007**: CRC executed with Waste Connections, Inc.
- **2008**: CRC executed with Waste Connections, Inc.
- **2009**: CRC executed with Waste Connections, Inc.
- **2010**: CRC executed with Waste Connections, Inc.
- **2011**: CRC executed with Waste Connections, Inc.
- **2012**: CRC executed with Waste Connections, Inc.
- **2013**: CRC executed with Waste Connections, Inc.

**Other Key Events**

- **1996**: BFI's holding in Clark County Industries of Browning-Ferris Industries of Clark County (BFI) purchased Clark County Disposal Group
- **2000**: Clark County Solid Waste Stream program.
- **2001**: Clark County for unwanted computers and electronics
- **2002**: Clark County for unwanted computers and electronics
- **2003**: Clark County for unwanted computers and electronics
- **2004**: Clark County for unwanted computers and electronics
- **2005**: Clark County for unwanted computers and electronics
- **2006**: Clark County for unwanted computers and electronics
- **2007**: Clark County for unwanted computers and electronics
- **2008**: Clark County for unwanted computers and electronics
- **2009**: Clark County for unwanted computers and electronics
- **2010**: Clark County for unwanted computers and electronics
- **2011**: Clark County for unwanted computers and electronics
- **2012**: Clark County for unwanted computers and electronics
- **2013**: Clark County for unwanted computers and electronics

**Appendix G**

**Milestones for Clark County Solid Waste Management**

- **1990**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1991**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1992**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1993**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1994**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1995**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1996**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1997**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1998**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **1999**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2000**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2001**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2002**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2003**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2004**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2005**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2006**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2007**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2008**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2009**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2010**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2011**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2012**: Solid Waste Management Plan Update -99, 97, 98 & 98
- **2013**: Solid Waste Management Plan Update -99, 97, 98 & 98

**Note:** The timeline above represents key milestones for Clark County Solid Waste Management from 1967 to 2013. The information is detailed and covers various aspects of waste management policies, contracts, and implemented programs. The document highlights the evolution of waste management strategies and the implementation of recycling programs, curbside collection, and other initiatives aimed at reducing waste and promoting environmentally conscious practices.
