

WHO?

All children birth to 36 months old.

WHAT IS DEVELOPMENTAL SCREENING?

Developmental screening looks for strengths and concerns in one or more of the five areas below:

- **Cognitive:** ability to learn and how a child learns
- **Physical/Sensory:** ability to move, see and hear
- **Communication:** ability to understand language and express needs
- **Social or emotional:** ability to relate with others
- **Adaptive skills:** ability to dress, eat and take care of themselves (Washington State Department of Early Learning, 2010)

WHY SCREEN EARLY?

Early support can make a big difference to your child's overall development.

WHEN TO SCREEN?

- Health Care Provider well visit check-ups.
- Anytime parent or caregiver has a concern.

HOW CAN I GET A SCREENING?

- Health Care Provider's office
- Early Support for Infants & Toddlers — 360-750-7507
- Developmental Information —
www.pathways.org
text4baby.org
www.withinreachwa.org

WHAT IS NEXT?

Your child will be referred for a more in-depth assessment which will target areas that could benefit from early intervention services. These services include: speech, occupational, physical, vision and/or behavioral therapies.

WHAT IF YOUR CHILD IS 36 MONTHS OR OVER?

*If your child is 36 months or over, contact your local school district or ESD 112 at 360-750-7500.
