## Welcome...

### Who ya Gonna Call?

While Ghostbusters may not be one of their local resources, 211 has many others that may be of assistance.

211info empowers SW Washington and Oregon communities by helping people identify, navigate, and connect with the local resources they need. With a resource database of over 42,000 programs, 211info's trained information and referral specialists provide guidance, empathy, and high quality customer service to each and every person that comes into contact with the agency.

Cara Kangas, 211info Community Engagement Coordinator for SW Washington, will be at our November 29 NSCNA meeting. Her work focuses on educating the public on how to access 211, populating the database with up to date information about community resources, and engaging with partners on local issues surrounding the health and well being of our community.

Come find out more about 211 and how it helps in your neighborhood.

## Major Changes to Association Newsletter Delivery

The NSCNA creates, publishes and distributes five newsletters per year. Of these, three are mailed, and two are hand-delivered. Due to the challenges of coordinating hand-delivery to more than 4,000 households in our Neighborhood, **we are forced to discontinue the hand delivery of the two issues each year** (these have traditionally been the May and September issues).

**We do expect to continue publishing five issues per year.** We will still have three issues that will be mailed. Additionally, we will have all five issues available both on the website - [www.SalmonCreekLive.com/nscna](http://www.SalmonCreekLive.com/nscna) - as well as available for email **directly to your inbox.**

To make sure you receive the **timely, informative, and important content** related to your Neighborhood Association, please sign up for the **FREE Neighborhood Association newsletter.**

**"The best time to plant a tree was 20 years ago. The second best time is now."**

– Chinese Proverb

Local non-profit, **Friends of Trees**, which plants street trees at homes in numerous communities, has exciting news: They've recently added North Salmon Creek as an area where they will plant new trees.

Residents will now be able to get street trees (i.e. a tree planted along the curb, whether or not their is a planting strip or sidewalk) planted at their home through a Friends of Trees planting in their neighborhood, coming in early 2017. As part of this new expansion, there are numerous fun Friends of Trees volunteer opportunities available with the neighborhood planting program.
