

Clark County Sheriff's Office COVID-19 Update

The Clark County Sheriff's Office will continue to protect and safeguard our community. We continue to work in partnership with Clark County Public Health, the Clark County medical community, CRESA and our other local law enforcement agencies and first responders.

In an effort to further protect the community and our own first responders from the spread of COVID-19 we have added the following additional safeguards, which are now posted at our Sheriff's Office downtown campus location.

- **Main Jail Lobby hours of operation:** Monday – Friday, 8 am – 5 pm
- All **professional inmate visiting** will be limited one (1) person from the inmate's legal representation. Should a translator be needed, please contact a jail commander to authorize a second visitor per visit.
- All **personal inmate visiting** will be limited to on-line. At the Main Jail one (1) person may visit in the jail's available lobby kiosks. For at home use contact: <https://www.gettingout.com/>
- All non-criminal **fingerprinting** services are suspended. This means we will not accept original Concealed Pistol License Applications that require fingerprints or provide any other fingerprinting services. However, renewals that do not require fingerprints will be processed as normal while observing proper distancing.
- All Commissary and Telephone **Kiosk** access to place funds on an inmate's account will be limited to one (1) person at a time.
- All District Court Out of Custody Reporting for Sentences still need to report to the jail; paperwork documenting timely reporting will be processed and then the report date will be changed per District Court orders.
- No property releases from the Evidence Unit to Public; call 564.397.2059.
- No DNA shall be submitted to the Evidence Unit from the public; call 564.397.2059.
- No in-person PDR requests; call 564.397.2101.

These changes will be reviewed on or before April 20, 2020 as the COVID-19 pandemic situation continues to evolve.
