

Eligible Applicants

- Local Governments;
- Regional Transportation Authorities;
- Transit Agencies;
- Natural Resources or Public Land Agencies;
- School Districts, Local Education Agencies, or Schools;
- Tribal Governments; and
- Any other local or regional governmental entity with responsibility for oversight of transportation or recreational trails (other than MPO's or State agency) that the State determines to be eligible (includes Ports if they own the facility and it is open to the public).

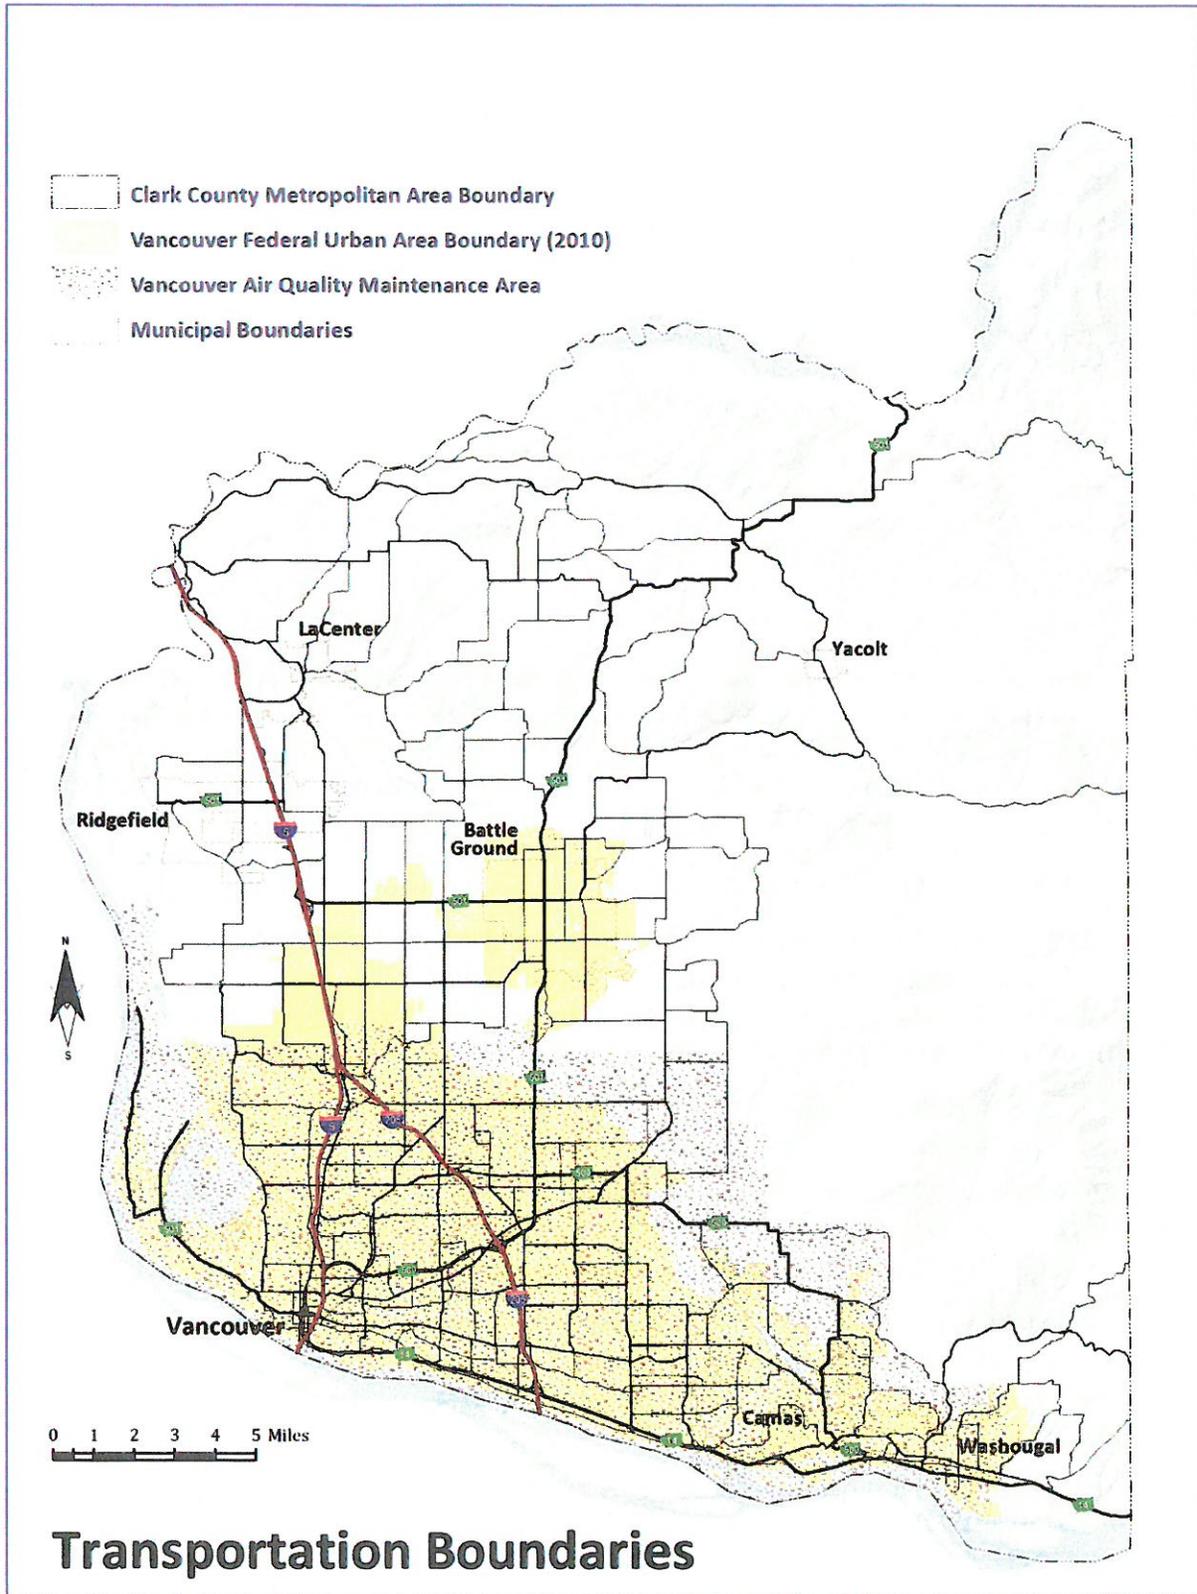

All projects must be administered by a certification acceptance (CA) agency. Non CA agencies can apply for TAP funds but must have a CA agency sponsor the project. The sponsorship must be in place prior to applying for funds.

Eligible Activities

The following is a summary of eligible activities authorized in the MAP-21 Transportation Alternatives Program. Projects will be selected by the RTC Board through a competitive process that will apply evaluation criteria to rank projects on their merit. Eligible projects must meet one or more of the eligible activities and relate to the surface transportation system (except for recreation trails). There is no requirement for equal distribution of funding among the various eligible activities. For a full explanation of eligible activities please review the Federal Highway Administration Interim Guidance at: <http://www.fhwa.dot.gov/map21/guidance/guidetap.cfm>

- Construction, planning, and design of on-road and off-road trail facilities for pedestrians, bicyclists, and other non-motorized forms of transportation.
- Construction, planning, and design of infrastructure-related projects and systems that will provide safe routes for non-drivers.
- Conversion and use of abandoned railroad corridors for trails.
- Construction of turnouts, overlooks, and viewing areas.
- Inventory, control, or removal of outdoor advertising.
- Historic preservation and rehabilitation of historic transportation facilities.
- Vegetation management practices in transportation right-of-way.
- Archaeological activities relating to impacts for implementation of transportation projects eligible under this title.
- Any environmental mitigation activity related to highway construction due to highway runoff.

In addition, eligible Transportation Alternatives projects include any project eligible under the Recreational Trails Program, Safe Routes to School Program, and within the right-of-way of former interstate routes. Please note that Washington State is using a portion of Statewide Transportation Alternatives Program funds to conduct statewide Safe Routes to School and Recreational Trails programs. Safe Routes to School and Recreational Trail projects are encouraged to seek funding through the statewide programs prior to seeking regional TAP funds.

Transportation Boundaries

The map shows Clark County urban and rural areas for federal transportation purposes.
 The Vancouver Air Quality Maintenance Area is where CMAQ funds can be spent.
 All of Skamania and Klickitat Counties are classified as rural for federal transportation purposes.
