

proud past, promising future

CLARK COUNTY  
WASHINGTON

## COMMUNITY PLANNING

October 12, 2016

Mr. Mike Heither  
President Vancouver Bike Club  
P.O. Box 1456 Vancouver, WA 98668

Dear Mr. Heither,

On behalf of the Clark Communities Bicycle and Pedestrian Advisory Committee (BPAC), we want to thank the Vancouver Bike Club for their generous donation to Bike Clark County in the amount of \$500 to support Clark County's Lights-On Campaign.

We also understand that your group has graciously donated another \$4,500 on September 22 during the GiveMore24 event. Your gracious support provides BPAC the opportunity to partner with Bike Clark County in events like Evergreen Movie at the Park held on September 10, 2016, so bicyclists can meet the state law requirement of having a front light and rear reflector at night on a bike. With your support, we were able to provide and install 30 light sets to members in our bike community helping to increase visibility and reduce the number of bike/car fatalities in Clark County.

Thank you for these funds to support Bike Clark County, and thank you very much for the \$500 to purchase bike lights and the support for making bicycling safer for our community. We look forward to working with Vancouver Bike Club and Bike Clark County to help implement the vision of Clark County's Bicycle and Pedestrian Master Plan.

Sincerely,

Gary Albrecht
