SUBJECT: NE BLAIR ROAD, CRP #322212

The Bicycle and Pedestrian Advisory Committee are providing design comments in accordance with the April 2014, Policy Statement with Clark County Public Works Department about procedures for bicycle and pedestrian feature reviews.

On January 24, 2017, Clark Communities Bicycle and Pedestrian Advisory Committee had an opportunity to review and discuss the 50% preliminary plan set for NE Blair Road, CRP #322212. The committee has the following comments.

- NE BLAIR ROAD profile striping seems appropriate for this road segment since it is not frequented by bicyclists.
- Place profile striping on the edge line for this project, CRP #322212.

The committee appreciates the opportunity to comment on this county road project, and looks forward to providing feedback on future road projects.
