no one used the trail

There is no street parking for this trail. If you get here by car there are only (3) parking spaces inside the Battle Ground Lake parking lot that are available for trail users. Most people are not aware of these spaces and may not want to pay \$10.00 to park (the amount it costs to park otherwise)

Instructions

- You can count via the web app by pointing your smart device's web browser to <https://gis.oregonmetro.gov/trailcounter>
- Count for two hours in 15-minute increments
- Count bicyclists who cross the screenline on the trail or sidewalk.
- Count the number of people on the bicycle; not the number of bicycles.
- People using equipment such as skateboards or rollerblades should be included in the "Other" category.

1:15-1:30				11				
1:30-1:45								
1:45-2:00								
Total								

One of the pedestrians in my count did not actually use the trail even though they crossed the screen line. The trail actually starts across the street. The person was running down the street but ~~was~~ crossed the screenline to avoid the highway - then continued his run. Next time - consider making the screenline across the street as some users actually enter the trail at the other end and make a U-turn before making it to the screenline.
