Conga Drums Duo (68130)

Product Information

The Harmony Music Collection is a family of musical instruments that present a innovative way to introduce the rhythmic percussive beat of drums, in an outdoor environment. Contact your consultant for more information.

- Music helps to build reasoning skills and improves memory
- Playing and listening to music can reduce stress, ease pain, and improve sleep

The Conga Drums are strategically angled at 35 degrees - an optimal position for children or adults in mobility devices

- Sold separately

Product Information

Play & Park Music Makers bring whimsical instruments and sounds outdoors to the playground. The Music Makers are designed so that each instrument actually creates a unique sound that's never been heard on the playground before

- Provides opportunities for children who are nonverbal a way to participate, experiment with sound, engage with others, & explore with cause & effect.
- Accessibility encourages multigenerational, inclusive and socially interactive play.
- Music gives children an auditory and sensory stimulating way to play creatively, draw attention to themselves, and demonstrate their success to others.

Overview

Model #218915

Add a unique play experience to your playground with Global Motion®. Kids can climb, rotate, and explore two levels in this fun-filled structure. Patent-pending progressive resistance makes it easy to turn Global Motion at slower speeds, and prevents it from being turned too quickly, providing a fun and challenging experience while still feeling safe and in control. With 14 nets that can be climbed on the inside or outside and two multi-person seating areas, Global Motion provides thrills for many kids at once.

Playground products shown in video may not be appropriate for every age group. Playsystems shown in video are for demonstration purposes only. Product configurations may vary.

Features

- Two entryways on the lower level allow users of all abilities access to the inside of the globe
- Deck is at 16 1/2" height for easy transfer
- Large, black GripX-textured deck accommodates multiple kids and offers excellent traction and slip-resistance
- TenderTuff™-coated handrails edge both entryways
- Elevated seating area constructed from extra-thick, textured, polyester-reinforced rubber belting, suspended from cables (black only)
- 14 nets of polyester-wrapped, steel-reinforced cables provide a wealth of climbing opportunities; available in red or black
- Choice of two ProShield® colors: one for post and round tubing, one for vertical ribs
- Base and top made from durable, UV-stable rotomolded polyethylene in your choice of color
- Direct-bury only, requiring a footing 42" deep and 48" square
- Patent pending

- rubber surface or engineered wood chips → not keen on permeable concrete
- huge drainage issue
- install benches and tables
- vandalism issue
- which vendor is she using?
Kompen - hard to get replacement parts
